

NOTTINGHAM MALAYSIAN SOCIETY UNIVERSITY OF NOTTINGHAM

SQUASH

1. Participants have been randomly placed into groups, and will go through the preliminary round.
2. Basic rules of squash apply.
3. For **preliminary rounds, quarterfinals and semifinals**, winner will be determined based on **best two out of three** matches. **Point-a-rally scoring system** will be used i.e. points are scored by the winner of each rally, whether or not he or she served. **9 points** system will be played, and the first player to win two matches is considered the winner.
4. For **final and third and fourth placing** matches, winner will be determined based on **best three out of five** matches. A **point is scored only by the server**. When the receiver wins the rally, they are awarded only the right to serve. **11 points** system will be played, and the first player to win three matches is considered the winner.
5. If the game reaches a point that requires tie breaking, this will be determined by head of squash volunteer and players shall follow the tie breaking system set.
6. Participants must be at the respective courts before the start of their match.
