

Manifesto

President

My manifesto for the post of President of Nottingham
Malaysian Society

Mohammad Fiqry Mohamad Fadhlillah
Candidate for NMS President

CAMPAIGN

NOTTINGHAM MALAYSIAN SOCIETY

Motto: Your society, your say, your way

Based on:

- Nottingham Malaysian Society Constitution 1 (1): To look after the interests and welfare of Malaysian students in Nottingham by providing strong support and a wide range of activities for members
- Students' Union Constitution Aims (2): recognise the diversity of membership and ensure equality of opportunity

I humbly offer my service and will strive to do the following:

STRUCTURING to serve you better

- Define in more detail the roles of committee members
- Define in more detail members' rights towards the society
- Prepare general guideline for committee's decision making process and to allow participation of members in the process
- Understand constitutions that govern NMS: Malaysian Constitution, Malaysian Students' Department (MSD), United Kingdom & Eire Republic Council for Students (UKEC), Students' Union (SU) and NMS Constitution; so as not to cause conflict of interest to any parties
- Prepare proper documentation of Society's assets and log sheet for the purpose of borrowing
- Go above and beyond objectives of Society to aim for SU's STARS Gold Award

COMMUNICATING to hear your views

- Use of technology to update members of future activities: website (improve website), weekly newspaper and polls
- Website to feature updates and photographs

NETWORKING to offer you more

- To promote better relationship with other societies within SU
- To increase participation of society and its members in UKEC through East Midlands' region and London-based office

- Improve communication with Malaysian Societies from other universities
- Establish society's affiliates (UK societies endorsed by MSD)
- Increase participation in charitable events and with local community

CATERING to your needs

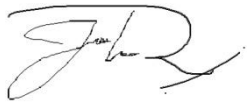

- Cater to 4 different aspects of life: physical, intellectual, spiritual and social
 - Physical: Improve sporting event (Nottingham Games – recording of winners, add sports)
 - Intellectual: Debate, talks according to courses eg medic talk
 - Spiritual: Discussions, forums, talks
 - Social: Dinners, excursions – to bring together members from different years. Malaysian Night – revisiting purpose to ensure better performance
- Support member-led activities
- Look out for more sponsors and student discounts

EPILOGUE

NOTTINGHAM MALAYSIAN SOCIETY

My ideas are not perfect and you can oppose them forever,
But if we're opposites let's be magnets and pull ourselves together,
Embrace our differences and focus on our similarities,
So that NMS can function successfully and triumph with ease.
